

Skills Assessment Grid

Assess your whole squad's core skills on one page. Rate each skill from 1 (developing) to 5 (excellent) - be honest and consistent so you can track progress if you repeat it later in the season. The totals help you spot both individual and team-wide areas to work on.

Assessor: _____

1 = developing (needs lots of support) 2 = emerging 3 = competent 4 = strong 5 = excellent (a real strength). Rate what you typically see, not their best-ever moment.

[illegible]
